

Campus Placement Management Application using Zia

Aim

To create a Campus Placement Management Application using Zoho Creator and use Zia to simplify placement-related data management and provide quick insights.

Procedure

1. Create a new application in Zoho Creator named Campus Placement Management.
2. Create forms for Student Details, Company Details, Job/Placement Details, and Applications.
3. Add suitable fields such as student name, department, CGPA, company name, job role, eligibility, and application status.
4. Create reports to view and manage student and placement information.
5. Create workflows to update application status and manage placement activities.
6. Use Zia to search, analyze, and obtain useful information from the application data using natural-language queries.
7. Test the application by adding sample student and company records and checking the generated reports and Zia responses.
